

# IOANA MARGINEANU

MD/PhDc

## PROFESSIONAL PROFILE

---

I am a dynamic, curious, people-oriented person. My research has been focused on ways to improve the status quo for the people delivering and benefiting from healthcare services.

## ACADEMIC EXPERIENCE

---

**PhD Graduate, "Pronkjewail" Project, Marie Skłodowska-Curie, Horizon 2020**

**Apr 2017 - Sep 2023**

PhD thesis: "Personalised approaches to improve tuberculosis care". Performed different types of research. Created, coordinated, and participated in intercultural multinational research teams. [Full thesis here.](#)

**Tutor | Clinical Research Master Programme**

**Sep 2023 - Present | Warwick University**

**Clinical Trial Monitor**

**Jan 2014 - Apr 2017 | RUTI Vaccine Trial**

Received GCP Clinical Monitor training and was a clinical monitor in the Clinical Trial for a novel Tuberculosis vaccine developed as a partnership between the Lung Hospital Iasi, University Medical Centrum Groningen, and the University of Barcelona.

**Research assistant, Lung Department**

**Jan 2014 - Apr 2017 | Medical University of Iasi, Romania**

Participated in various research projects, including a European Lifelong Learning Erasmus research grant, organising the first respiratory rehabilitation centre in our region, and clinical research.

**Research student, Bioethics & Physiology Departments**

**Jan 2007 - Oct 2011 | Medical University of Iasi, Romania**

In **physiology**: Studied effects of pollutants on the murine model arteries in Iasi, Romania, and received an internship of animal models in Chang Gung University, Taoyuan, Taiwan.

In **bioethics**: performed a review, became co-founding member of the Romanian Bioethics Society and represented Romania at the NEC Forum in Paris.

**Teacher assistant, various departments**

**Jan 2007 - Dec 2009 | Medical University of Iasi, Romania**

Prepared practical laboratories and special courses in Romanian, English, and French in physiology (2009-2011), internal medicine (2013-2015), gastroenterology (2016), lung sciences (2014 - 2017).
